- HR

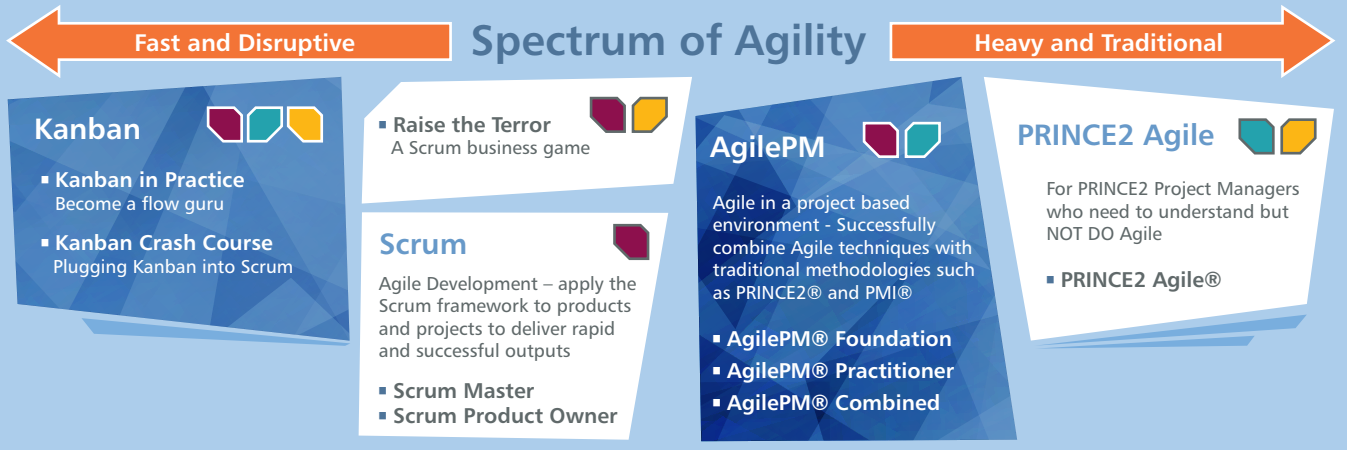

Awareness

Agile Awareness Seminar

What Agile is, how it helps businesses deliver the right thing on time every time, Agile roles and the different flavours of Agile available

AGILE

AGILE at Scale

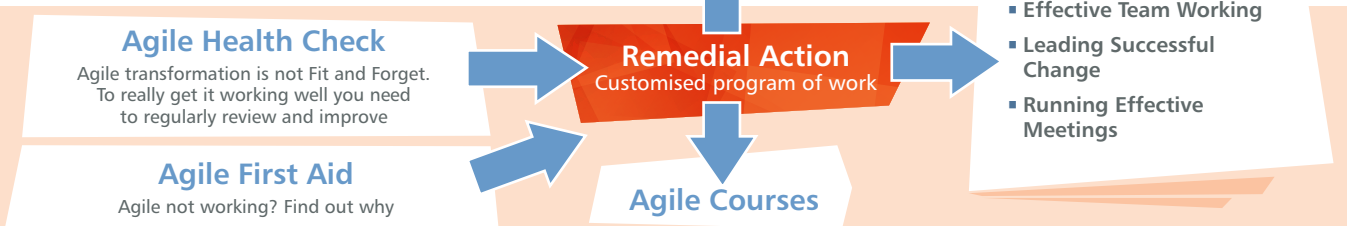

DevOps

Embedding Agile

Excelling with Agile

Scrum Team Member – including IT Development, Project Managers, Product Owners, Operations or Service Management. Also those touched by DevOps and in ITSM

Project Managers – and others working in the project environment

Senior Managers – and others facilitating or sponsoring Agile at a higher level including HR, Sales and Marketing
