Why work for Quanta?

Quanta actively encourages personal growth and development promoting authenticity, resilience, emotional intelligence, kindness and collaboration. Here's what some of the team have to say about their experience with Quanta.

Brian, Trainer

'I've worked for Quanta for over 6 years now. It's a place where I can grow and do my best work. Where the tools to do my best work are provided. A company where I can see the difference I make to our delegates, the company and to my colleagues. I cannot see myself working anywhere else.'

Kelly, Account Manager

'My personal growth has been amazing within my 3 years here. You are accepted for being yourself and your opinions count. There's a great mix of people and every day is varied. You really feel like you're making a difference and helping to improve workplaces with training and support. If you have an open mind and drive to excel in what you do, you'll do well here and have fun along the way!'

Martin, Trainer

'When I started at Quanta (16 years ago) it just felt like the right fit for me. Working for a company with real values that is committed to customers learning is an ethos that I agree with. The directors are hands on and there is a great atmosphere amongst all the staff. Quite simply the best company I've ever worked for.'

Rachel, Account Manager

'Working at Quanta has been like finding the extended family I never knew I needed. Personal growth and development is promoted as much as professional development. Coming to work and having fun... who wouldn't want that?'
